## Motto

' विद्या ददाति विनयम् '

*The more we learn, the more we know,  
the more we be humble*

*The School aims at enhancing the student's potential to keep pace  
with the dynamic continuum of knowledge skill and attitude.*

*The staff are friends and facilitators.*

'विद्या ददाति विनयम् विनयाद्याति पात्रताम्।

पात्रत्वात्धनमाप्नोति धनाद्धर्मम् ततः सुखम्।।

यह श्लोक " सुभाषितानि" से लिया गया है जिसका प्रमुख आशय इस प्रकार है— विद्या विन्नमता देती है, विन्नमता से योग्यता की प्राप्ति होती है, योग्यता से धन की प्राप्ति होती है, धन और धर्म से सुख की प्राप्ति होती है।

अतः मानवीय मूल्यों का केन्द्र बिन्दु विन्नमता है।

## वायु सेना विद्यालय गीत

उत्साह और जोश से भरपूर प्रस्तुत वायु सेना विद्यालय गीत महान गायक ए० आर० रहमान द्वारा लयबद्ध किया गया है। तथा इस गाने के बोल वायु सेना विद्यालय जलाहाली की प्राथमिक अध्यापिका श्रीमती सरोज सिंह द्वारा लिखे गये हैं। इस गीत के माध्यम से कवियत्री वायु सेना विद्यालय के बच्चों में एक नई उमंग जगाना चाहती है क्योंकि आज के बच्चे ही देश के भविष्य होते हैं। यह गीत उनको एक नया इतिहास रचने की प्रेरणा दे रहा है। बच्चों धरती को स्वर्ग की तरह बनाना चाहते हैं। जहाँ पर शान्ति ही शान्ति हो यहाँ के बच्चे शान्तिप्रिय होते हैं। शान्ति प्रिय होना कमजोरी नहीं बल्कि यह उनका बड़प्पन है। वह चारों तरफ के भेद-भाव को मिटा कर सभी लोगों के मन में प्रेम रूपी दीपक जलाना चाहते हैं। वह आगे बढ़ते हुए आकाश को छूना चाहते हैं यह गीत उन्हें देशभक्त, कर्मठ वीर तथा शान्तिप्रिय बनने की प्रेरणा दे रहा है।

बदलेगें युग को, इस युग की धारा को

नूतन इतिहास बनाएँगें ।

हम बच्चे वायु सेना विद्यालय के, भारत को स्वर्ग बनाएँगें ।

बनकर हम प्रगति की ज्योति, आलोकित करें इस धरा को ।

दिशा-दिशा में प्रेम का और ज्ञान का दीप जलाएँगें ।

शान्ति हमें है प्यारी, मत समझना हमको कमजोर

मातृभूमि की बलिवेदी पर अपना शीश चढ़ाएँगें ।

हम बच्चे वायु सेना विद्यालय के, भारत को स्वर्ग बनाएँगें ।

नमः स्पृशं दीप्तम् ॥

**NATIONAL CADET CORPS- THE SILENT CONTRIBUTOR TO NATION BUILDING AND NATIONAL SECURITY.**

***"UNITY AND DISCIPLINE"***

*National cadet corps (NCC), the largest uniformed volunteer organization in the world, is committed in youth empowerment and is ideally suited to help the nation realize its demographic dividend, thereby making significant contributions to national building. The military orientation of its training curriculum would also ensure handsome dividends in the security domain.*

*Journey of NCC started in 2017 at AF School Manauri with 25 cadets and this year a total of 50 cadets are part of our 16 UPBN. Participated in various activities between civilian and soldiers.*

*NCC is a journey of creating leaders  
Rank, Medals are some decorations  
Confidence, bravery are the real creations  
No hinder stops cadets to touch the sky  
Unity and Discipline is key

## MY EXPERIENCE AS THE HEAD BOY

*These few years have been nothing but filled with chaos for everyone. Students have been missing out on a lot, with schools being closed due to the pandemic. School life is full of unforgettable memories where you fight, laugh, enjoy and learn the most important lessons of your life. I dreamt of becoming the Head Boy since grade VI, and I wanted to make it happen while I was still here. Once the schools reopened and it was time to choose new members of the student council including the Head Boy, my anxiety levels were off the charts and I finally relaxed when I came to know that the decision of the teachers was in my favors and my dream of becoming the Head Boy will come true soon enough. But something straight out of a plot twist from a thriller movie happened on the day of the ceremony when someone else was announced as the Head Boy. I was astonished beyond astonishment as I watched the ceremonial throughout the end. But what do you know there was a mistake in announcing the names of the student council. I let out a slow smile and my body slumped, losing its stiff posture when I came to know that I was still indeed the Head Boy. And now when I finally became the Head Boy I would like to add that I feel very humbled at the thought of how much faith and trust my teachers have in me that they gave me this responsibility and I will work hard to do my duties with utmost sincerity and determination to give justice to their decision. This role taught me the importance of not being partial to any of the students and giving opportunities equally among the students in any kind of activity or instruction. I am thankful to my Principal for giving me an opportunity to nurture my leadership skills, I must say that being a Head Boy has taught me many lessons which would help me in different situations in the future.*

## STORY OF EVERY WOMAN

Getting up early  
But  
going on bed late,  
It is the,  
Women's ultimate fate  
To behave in a responsible manner is expected from us ,  
But who and when will you think about the language you use for us  
Do this and do that,  
Don't argue and don't interrupt,  
Forgive, forget and move forward.  
Because  
You are a wife, you are a mother,  
You are a sister and you are a daughter  
But above all  
You all play an important role in creating this world.

## ***EVERYBODY LOVES MUSIC.***

*Many people feel that music makes life worth living. We can hear music on CD and radio or television. Music gives pleasure. It cheers up ,excite us or calm us. Music can be happy, sad , romantic and sleepy .Music like language is a uniquely human form of communication. People listen to jazz, rock, classical folk ,country and many other kinds of music. We dance to music, sing songs at school. Many of us exercise to music .Music has always been important to religious ceremony. It has some magical healing power. Thus music is necessary for us all.*

## **IMPORTANCE OF SCIENCE**

*Science generates solution for everyday life and helps us to answer the great question. Science made our life full of luxuries. The fans, ACs, inverters, refrigerators, oven, etc are only giving us comfort. In olden days there were no such items and we cannot imagine the hardship people must be suffering. When there was no discovery of fire, people used to eat raw food and lived a life of savage. Now our life has so many things which make our life easier. Take an example of bulb by just pressing a switch within seconds light is everywhere. Lets go out of from our daily like to the farm and field. Now the farming has become so easy and there is increase in the production of the grains as the farmer today use all the scientific irrigation has gone to all the corner of the field. As a result, there is huge production of grain and we can compete the international market.*

*Science has played a vital role in the field of medicine. With the advancement of technology and science in the medicine, today we are able to fight with deadliest diseases. Now a days the death rate has decreased and people of our nation are leading a healthy life.*

*Science and technology has brought the different countries closer. We can talk, chat, video conferencing is done with the person living in any part of the world. A people can go any part, any country within less time with the modern means of transport.*

*Thus we can say that science and technology has its importance in every field. It has become an inevitable part of our life.*

## **BE LIKE THE ANT**

*Ants have always been an inspiration to all the great men and women. The reason being very simple. Ants though very small in size are one of the most hardworking creatures on the planet. But there is another very good lesson which we all can learn from THE Ant. We often complain about our FAILURES In life, but we should never forget that the ANT fails daily ! what makes it special is not its failure but rather it's WILL & ATTITUDE To never give up. According to my observation, the only thing that I have found constant in this universe is FAILURE. The Ant has an AIM to store her food before the winters and that is the reason why it is working so hard. You need to find your aim to convert your "dreams" into a beautiful "reality". The stronger you DESIRE To achieve something worthy in life the greater will be your success. So, let us all BE LIKE THE ANT .*

*My message, especially to all my juniors ( or the future technocrats, doctors, lawyers, singer, designers... etc) is*

*" I know how to fail ,  
But the Difference is that  
I am NOT ready to QUIT"*

## **GIRLS**

*Girls are victims of many tortures ,  
They are the one who nurture .  
We girls need to fight for our right ,  
And try to make our future bright.  
Stop the male dominated thing,  
Not every time a kingdom needs a King.  
Forget the dark past and work for the future ,  
We should have potential to overcome all our troubles.  
Save the girl child educate the girl child,  
Don't harass them like animals wild....*

## NAYAN

*On the way from office to her Flat Sreemoyee was just checking messages in her phone, Sudden she noticed tomorrow is 06<sup>th</sup> Mar. Oh! it's her father's 56<sup>th</sup> birthday tomorrow.*

*She was the only daughter of Dr. Pradip Sen. He is a well-known doctor in Calcutta Hospital. Sreemoyee due to her job stays in Mumbai. She has been working at a Multi-National Company there in Mumbai. She was always good at her job.*

*On Saturday, she had a video call chat with her parents as on that day was her birthday. They all were in a good mood. Suddenly, Dr. Sen got a Cardiac arrest. The phone fell from his hand, and Sreemoyee's mother was screaming with fear. Sreemoyee could hear that sound but she was helpless as she was out of town. Before she could reach there, the bad news came which broke her thoroughly.*

*In the next flight she went to Kolkata. All was finished after two weeks Sujoy came in her house. Sreemoyee couldn't recognise him, as she opened the door. Her mother after seeing Sujoy broke into tears. This is because Dr. Pradip Sen donated his eyes to this bright boy who was once his patient. Dr Sen believed that after his death he could be alive through Sujoy's eyes. That's why he helped a bright student Sujoy Adhikari. He is now doing PHD in Physics. Sreemoyee's eye too filled tears seeing Sujoy as if his father is seeing her through him.*

## MUSIC

*Music is a God gifted tool for living in healthy life to whole human fraternity. It is a key to solve problems which helps us in making physically and mentally healthy. Melody which triggers positive thoughts and good memories of past time, favorite places, persons or events. It is a very soft and universal language which tells everything peacefully and finishes all the problems without asking.*

*I am very passionate about music and listen most of the time. It gives relief to a great extent and keeps me happy. Listening music is my passion and it is the secret of my life to be healthy and always happy. It is a gift of God to me which I always use for my wellness and always instruct others to take help of music.*

*I am very fond of listening music from my childhood because my elder brother performs music at various places like concert halls, birthdays and parties with friends. Music is very important part of our life. I can not think my life without music*

*Music is neither very simple nor very hard. The people should have discipline, passion and regular practice.*

## THE HUNTER AND THE PIGEONS

One day a hunter sets a net to catch birds and placed grains and rice over the net. After some time a flock of pigeons comes by and start eating grains and get caught in the net. After some time they started losing hope, then their leader asks them to fly together up in the sky. They did as they were told and carried the net away. The hunter runs after them but they flew away to their friend's mouse hole. Then the mouse cuts the net and freed the pigeons.

## THE GREAT CLASS XI

Our class has an interesting profile, Because it is amazingly versatile it consist students of every walk of life. The studious, the silent and the wisest mind.

Prajjwal is the Head boy.

Jagruti is the head girl.

Aditi and Anshika are joyous, doing good for all.

Prajjwal is intelligent and smart with Harshit and pushpendra.

Both form a perfect "Fevicol ka Jod".

Shumaila is silent but studious.

Afiya and Jagruti are interested in studies.

Veenu is Mathematics wizard.

Pushpendra is a Answer bank, He knows the password of every question bank.

Our friends always live in a world of fantasies but our friendship is no less than "Rang de Basanti".

We have an affectionate bond with them, As for us each one is worth a gem.

Never Give Up  
If I made a mistake ,  
then I would have to retake,  
and do it once again ,  
even fell the pain .  
But there also lays a prize ,  
And that me realise that,  
Even If I was to fail ,  
It would be a learning trail.  
If I hope for metals and a cup,  
I can't just rely on luck,  
I must do hard work,

## **I LOVE MY TEARS**

Tears, my tears  
I could never understand cause of this watery loss.  
When I was emotionally hurt, or  
Became the victim of the world's mirth  
The something trickled down my eyes,  
And then they said, "Look she Cries"  
And when my actions, the world defied  
The tears rolled down & I cried,  
Even in happy times,  
Something on my face shines  
No, it's not my tints that glow,  
But the tears which are only mine.  
When I met my people after many years  
I have nothing to give them,  
But only tears  
And when I've achieved the best  
Better than achieved by the rest  
And when I stand on top  
The tears from their source drop.  
What feelings do they represent, I don't know  
But they seem to be eternal  
As they always flow  
When I'm happy or I'm low  
They never help me overcoming my fears.  
But I must truly admit that I love my tears.

## WATER WORKS!

*Quenching your thirst keeps you healthy and Energized, but sometimes plain water is just So well plain. Here's tasty [and nourishing] new Way to be certain you are getting ample  $H_2O$ .*

*It gets short shrift, but staying hydrated is just as important as the rest of your health and beauty regimen: About **60 percent of your body** is water and being even mildly parched—a likely possibility. Considering that fluid loss occurs throughout the day—may lead to problems such as fatigue, headaches, and weight gain. People who are active need to be extra diligent about sipping. The American college of sports Medicine warns that failure to drink up before, during and after prolonged exercise puts you at risk for heat exhaustion. Losing just 2 percent of your bodily weight from fluid, which can even happen during the cooler months, impacts speed and endurance.*

## DRINK MORE SLIM DOWN

*Regularly wetting your whistle may also help you reach your goal weight, Researchers from Virginia Tech found that people who downed two glasses of water 20 to 30 minutes before eating consumed 75 fewer calories during each meal and shed pounds more quickly than dieters who didn't pre-hydrate. German researchers have also shown that water slightly boosts metabolism because it requires energy to process it.*

## ATMANIRBHAR BHARAT

*Atmanirbhar Bharat or self - reliant India recalls Gandhi ji's swadeshi act during the British rule. It should not be taken in other way by divorcing international trade. Rather it would make India to strong it's own domestic industry by stream lining the government system, and go far beyond it. We can say swadeshi movement and self-reliant are two sides of the same coin that would develop the economic condition of India in a globalized world.*

*Presently our Prime Minister Narendra Modi has declared that India should be self-reliant to make free from development rather than reputation, which is presently done by China. In order to make self - reliant India, our government has to ensure abundant factories and industries of the things that were imported for domestic use, like modern equipment for food crops, cellphones, clothes, domestic and electronic appliances and minerals. The surplus production of the economic graph. In alternate it can import ammunition for our country to save guard the border. In the part of education our country should be move satisfied to bring up talented fellows, who can make India self - reliant and prosperous.*

## MORAL VALUES

*In the world in which we live  
Where we take and where we give  
It is our duty to maintain stability  
To the best of our skill and ability  
It is understood that everyone of us  
May he be unknown or famous  
Towards his close family and obligations  
And towards society and his relation  
Our parents were perhaps less learned than we,  
But on certain things we must agree  
As us their moral values they instilled  
As our hearts and minds with wisdom they filled  
My grandfather and father, besides their obligations,  
Found the time to relate their stories with patience  
As owe them so much, I will try to share them with you  
As my honest contribution of what I feel is worth and true*

I miss my childhood  
It was really good  
I was only three  
With no work , only free .  
It was so much fun,  
To play all time in the sun.  
I was cared by everyone,  
Nothing to read, nothing to learn,  
My childhood was full of happiness,  
Not much more, not much less.  
I like my childhood- it was the best.  
All day play, eat and rest.  
No sorrow I suffered ever,  
I will remember it forever.  
I wish to return to my past,  
And enjoy the fun that never last

## **THE THREE SIBLINGS**

Once upon a time there lived three siblings Vicky, Micky and Nicky. One day they saw chocolates. Micky wanted to eat all the chocolates so she made a plan. She went to Wicky and said, 'Wicky you are the eldest brother, so you should eat all the chocolates. 'Wicky said, 'Yes Micky, you are right. I should eat all the chocolates. Then she went to Nicky and said, 'Nicky you are the youngest brother , so you should eat all the chocolates. Nicky said, 'Yes Micky you are right. I should eat all the chocolates. Then Wicky and Nicky started fighting. When Micky got a chance ,she had taken all the chocolates and ran away. When Wicky and Nicky realized that the chocolates and Micky are missing, They went out to find her. After sometime they saw Micky behind a wall eating the chocolates. They asked her to give the chocolates back but Micky had finished all the chocolates and they couldn't get any chocolate.

## IMPORTANCE OF EDUCATION

An educated person is like a boon in the society. He plays a big role for the welfare of the people in the society . We can take the example of Swami Vivekananda, Mahatma Gandhi, Dr. B.R. Ambedkar, Pt Jawahar Lal Nehru who worked for the injustice caused to the people.

An educated person can live his life successful with the knowledge that he has. We can solve all our difficulties with the education. Everyone should try hard to get better education.

When you believe in yourself,  
You will succeed;  
Others say I can do it,  
But only if I try I will succeed;  
you're good at this  
I'm good at that,  
If you can't today,  
Struggle to be able tomorrow.  
It's not enough that you can,  
Help others to be able too.  
Knowing that you can't,  
Also means you will succeed.

*In a field one summer's day a Grasshopper was hopping about, chirping to its heart's content. An Ant passed by, bearing along with great toil an ear of corn he was taking to the nest.*

*"Why not come and chat with me," said the Grasshopper, "instead of toiling and moiling in that way?"*

*"I am helping to lay up food for the winter," said the Ant, "and recommend you to do the same."*

*"Why bother about winter?" Said the Grasshopper, "We have got plenty of food at present." But the Ant went on its way and continued its toil. When the winter came the Grasshopper had no food and found itself dying of hunger, while it saw the ants distributing every day corn and grain from the stores they had collected in the summer. Then the Grasshopper knew.*

## LIFE – A STRUGGLE

Life is a mystery to be lived  
Life is a gift we have received.  
Life is a struggle of dreams.  
Life is the start of going deep extremes.  
Life is beautiful as flowers  
The aim of life is sign as towers  
Life is the final shot giving no retakes  
You to subdue, even you mistakes  
In life we meet people of different kinds,  
Having different types by minds.  
Still this journey never ends.  
Where we finish, a new beginning extends  
It's only over desire, it's only over will  
What now gives thrill, may later then kill  
Every moment is a tricky game,  
In which some win and rest become lame.  
Life is shadowy, gloomy and dark  
You have to light it with your own spark  
Let us climb high to gain success,  
Let us face lots of challenges,  
to make our dreams true and perfect  
and reach challenge we accept.

### शेर और ऊँट

एक घने जंगल में एक शेर अपने तीन सहायकों के साथ रहता था। एक सियार एक कौवा और एक तेंदुआ। जंगल के राजा के साथ रहने के कारण उन सहायकों को भोजन के लिए कभी सोचना नहीं पड़ता था। उन्हें जो भी शेर का बचा खुचा मिलता वे जम कर खाते थे।

एक दिन वे तीन एक ऊँट को जंगल में घूमते देखकर आश्चर्यचकित हो गए क्योंकि आमतौर पर ऊँट तो रेगिस्तान में रहते हैं। पूछताछ करने पर उन्हें पता चला कि ऊँट ने अपना रास्ता खो दिया है और शेर ने उसे आश्रय दिया और उसे जंगल में रहने की जगह दी है। इसलिए वह उस ऊँट को कह भी नहीं सकते थे।

एक दिन शक्तिशाली शेर हाथियों के साथ लड़ाई में घायल हो गया वह शिकार करने में असमर्थ था शेर और उसके सहायकों को भूख लगी थी। तीनों सहायकों ने सुझाव दिया कि उन्हें ऊँट को खा लेना चाहिए लेकिन शेर ने उसे मारने से इनकार कर दिया क्योंकि यह ऊँट के साथ धोखा होता।

सियार कौवा और तेंदुए ने ऊँट को अपने रक्षक के लिए भोजन के रूप में प्रस्तुत करने की योजना बनाई जिसमें कौवा तेंदुआ और गधा तीनों ने एक-एक करके स्वयं को शेर को भोजन के रूप में पेश किया। उन सभी को शेर ने मार कर खाने से इनकार कर दिया।

यह देखकर ऊँट ने भी ऐसा ही किया और तुरन्त शेर के सामने खाना के रूप में पेश किया परन्तु तीनों धोखेबाज़ सहायक ने ऊँट पर उसी समय आक्रमण कर दिया और उसे मार दिया।

## प्रकृति की लीला न्यारी

कहीं उफनता समुद्र है,  
कहीं बरसता पानी, बहती नदियां,  
तो कहीं शान्त सरोवर है।  
प्रकृति का रूप अनोखा  
कभी चलती सांय-सांय हवा,

कभी गगन नीला, लाल, पीला हो जाता है,  
तो कभी काले सफेद बादलों से घिर जाता है,  
कभी सूरज रोशनी से जग रोशन करता है,  
तो कभी अंधियारी रात में चाँद तारे टिमटिमाते हैं,  
प्रकृति की लीला न्यारी है।  
कभी सूखी धरा धूल उड़ाती है,

तो दूसरे कोने से निकल कर चौका देती है,
